### **EXAMINER'S AMENDMENT**

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it **MUST** be submitted no later than the payment of the issue fee.

The application has been amended as follows:

In claim 30, lines 6-7, delete "having different signal quality requirements from each other and".

This change is made because Applicant presumably intended to strike the above language from the claim but never actually did so. Applicant struck the language from claim 21 and mentioned "the amendments to claims 21 and 30" in response to the 35 USC 112 rejection on page 7 of the remarks, but apparently inadvertently forgot to actually strike the language from claim 30.
